

# ANZAC DAY 2012

They came in their thousands to honour those who have serviced their country. The old and the young crowded into the memorial gardens at Norths Leagues and Services Club Anzac Avenue for what veterans say is the largest dawn service crowd they have

ever seen. Under cloudy skies the veterans and their families marched to the sound of pipes and drums, wreaths were laid and prayers were given to those who had fallen. Here are just some of the memorial images of ANZAC Day at Norths.
