

# Genesis to swell after cash boost

GENESIS Christian College will be expanding after it received a \$640,000 State Government grant.

The funding will allow the Bray Park school to construct four general learning areas, two computer rooms, two withdrawal rooms, two offices and an undercover sports area.

State Member for Pine Rivers Carolyn Male said: "We are transforming our schools with these projects because we know having 21st-century facilities and technology will help us improve student achievement.

"We want to see Queensland students up there with the best. Investing in education is an investment in our state's future and that is why we are continuing our funding to Queensland schools."
