New swim centre building wide pool of clients

GENESIS Aquatic Centre has been making quite a splash as one of the region's new sporting complexes.

It opened one year ago at Genesis Christian College in Bray Park, providing a wide range of programs for students and the community.

"The school saw a need for the centre," said aquatics manager and head coach Brendan Keogh, who for

10 years was coach of Australia's Paralympic swim team.

"It (the school) is growing with 1300 students and wanted to provide better services and facilities."

Genesis Aquatic Centre runs learn-to-swim, squads, swim club, aqua aerobics and adult swimfit classes for students and the public.

All are overseen by experienced

coaches Keogh and Amy Griffith, who also offer stroke correction in the heated pools. Their plans include challenging themselves to improve and meet the needs of clients and the community.

Genesis Aquatic Centre is at 14 Youngs Crossing Rd, Bray Park. Phone 3882 9091 or email swim@genesis.qld.edu.au
