Tuning in to Kids
Emotionally Intelligent Parenting

A four session parenting course for parents of kids aged 4 to 10

Would you like to learn how to:
• be better at talking with your child?
• be better at understanding your child?
• help your child learn to manage their emotions?
• help to prevent behaviour problems in your child?
• teach your child to deal with conflict?

Children with higher emotional intelligence:
• have greater success with making and keeping friends
• have better concentration at school
• are more able to calm down when upset or angry
• tend to have fewer childhood illnesses

Emotional intelligence may be a better predictor of academic and career success than IQ!
